Sudan UPR Briefing for Sweden

Sudan Task Force

Advocacy and engagement with States coordinated by the Committee for Justice (CFJ).

The Sudan Task Force invites Sweden to renew and strengthen its recommendations to Sudan in light of continuing violations, with concrete protection and accountability measures for the 2027 Universal Periodic Review.

Previous recommendations and implementation

Women's rights and treaty implementation

2022 recommendation 137.28: "Ratify the Convention on the Elimination of All Forms of Discrimination against Women without any reservations contrary to the objective and purpose of the Convention."

Implementation assessment: *Sudan supported this recommendation.* Sudan has not acceded to the Convention on the Elimination of All Forms of Discrimination against Women. The accession objective remains outstanding. The Sudan Task Force documents rape and other sexual violence during raids, flight, detention and displacement. Survivors face fear of retaliation, stigma and limited access to medical, psychosocial and legal assistance.

International justice and accountability

2022 recommendation 137.51: "Continue the cooperation with the International Criminal Court, ratify the Rome Statute of the International Criminal Court and ensure effective prosecution of and accountability for serious crimes under international law."

Implementation assessment: *Sudan supported this recommendation.* Ratification of the Rome Statute remains outstanding. The Sudan Task Force documents summary executions, killings linked to ethnicity, deaths in custody and attacks on civilian facilities. Independent investigations, evidence preservation and effective remedies remain seriously deficient. Cooperation with individual requests from the International Criminal Court and the full scope of domestic implementation have not been comprehensively verified.

Women peace and security

2022 recommendation 137.251: "Implement the national action plan on women, peace and security and the framework of cooperation with the United Nations on the prevention and response to sexual violence against women and girls during conflict."

Implementation assessment: *Sudan supported this recommendation.* Full implementation of the specified women, peace and security plan, participation, consultation or cooperation arrangements has not been verified. The Sudan Task Force documents rape and other sexual violence during raids, flight,

detention and displacement. Survivors face fear of retaliation, stigma and limited access to medical, psychosocial and legal assistance.

New recommendations from the Sudan Task Force

The Sudan Task Force proposes that Sweden put forward the following recommendations during Sudan's 2027 Universal Periodic Review.

Extrajudicial killings and civilian protection

1. Within six months, establish an independent investigation and prosecution team for unlawful deaths and attacks on hospitals, markets and displacement sites since April 2023, preserve forensic evidence, protect victims and witnesses, and publish quarterly figures on investigations and judicial referrals.

Sexual and gender based violence

2. Within six months, establish formal coordination between the unit combating violence against women, prosecutors and health authorities to investigate and refer conflict-related sexual violence cases, maintain a unified confidential case system, and publish annual anonymized data on investigations and judicial referrals.

3. Within six months, establish free and confidential referral services for survivors in conflict-affected States and displacement sites, providing medical care, psychosocial support and legal assistance, including accessible mobile services for children and women with disabilities, without conditioning care on filing a complaint.

Accountability and implementation

4. Cooperate fully with the International Criminal Court and United Nations and African investigation mechanisms, ratify the Rome Statute within 18 months, and submit implementing legislation to the competent legislative authority within six months of ratification.

Suggested note on timing: *Unless otherwise specified, the proposed implementation deadlines would run from the adoption of Sudan's 2027 UPR outcome. Existing legal obligations and urgent protection measures require immediate action.*
