Sudan UPR Briefing for Viet Nam

Sudan Task Force

Advocacy and engagement with States coordinated by the Committee for Justice (CFJ).

The Sudan Task Force invites Viet Nam to renew and strengthen its recommendations to Sudan in light of continuing violations, with concrete protection and accountability measures for the 2027 Universal Periodic Review.

Previous recommendations and implementation

Protection of displaced persons

2022 recommendation 137.175: "Continue its efforts to promote and protect the rights of migrants, refugees, asylum seekers and displaced persons and to combat human trafficking."

Implementation assessment: *Sudan supported this recommendation.* Effective protection for displaced people has not been achieved. The Sudan Task Force documents displacement associated with attacks, threats, destruction of homes and livelihoods, and abuses along escape routes. Protection of displaced people and safe, voluntary durable solutions remain urgent concerns. Implementation of the separate migrant, refugee, asylum and trafficking clauses has not been comprehensively verified. The next recommendations should address prevention of displacement, protection and voluntary durable solutions.

New recommendations from the Sudan Task Force

The Sudan Task Force proposes that Viet Nam put forward the following recommendations during Sudan's 2027 Universal Periodic Review.

Forced displacement

1. Immediately prohibit arbitrary displacement and, within 12 months, adopt a national framework for voluntary, safe and dignified return or other durable solutions, with mechanisms to document housing, land and property claims and secure restitution, and safeguards against eviction or land seizure without a lawful basis and judicial review.

Suggested note on timing: *Unless otherwise specified, the proposed implementation deadlines would run from the adoption of Sudan's 2027 UPR outcome. Existing legal obligations and urgent protection measures require immediate action.*
